

## **Building Naming Process – Re: New Elementary Construction**

### **Step 1: Ask staff:**

A) Ask staff if they would prefer to keep Cornerstone and Bates as the names for each school/ wing or consider new names for one or both schools/ wings?

B) Ask staff if they would prefer one name or no name for the entire building complex, keeping the names of each school/ wings?

### **Process:**

If we can get above 85% agreement on proposal A, we're moving forward with that recommendation.

If we can get above 85% agreement on either option for proposal B, we're moving forward with that recommendation

### **Step 2: Ask families / community members:** (if below an 85% agreement amongst staff or if naming the entire complex)

\*If we have above 85% agreement on proposal A, there will be no need for dialogue on naming of the two schools.

\*If we have above 85% agreement on proposal B, there will be community dialogue/ input on the naming of the entire building complex.

\*If we have less than 85% on either item in proposal B, we will go back to staff for further dialogue until there is 85% agreement on either option.

\*Once we reach 85% agreement, if that decision is to make a name for the complex, we will go to the community for input.

### **Step 3: Meet with Staff** on Oct 23rd and Oct 31st for facilitated discussion on naming of the entire complex

### **Step 4: Recommendation to Facility Committee then to Full Board**
