June 1, 2016

Dear DCS Parents and Community,

As the school year winds to a close, I'd like to announce a unique opportunity for Dexter families. Working collaboratively with Saline Area Schools and Classblox, we've arranged summer enrichment opportunities for DCS students.

Our district strategic goals include creating personalized learning opportunities and establishing partnerships that support student learning. As we work toward these goals, we have negotiated to provide summer enrichment courses through Classblox.com for a discounted price. The courses are offered to students in grades 3-12 and are not for credit, but for enrichment. Each course is limited to four students with one live instructor. The classes meet online during a regularly scheduled time throughout the summer. Students in the classes may live anywhere in the United States. The cost per class, after discounts, will range between \$75-180 per course.

Classblox was created by students through the University of Michigan. Course offerings include: How to Be An Entrepreneur (starting in 3rd Grade), SAT Prep, ACT Prep, Spanish (Elementary and Middle School), Mandarin (Elementary and Middle School), Speed Math (Elementary and Middle School), Creative Writing (Elementary and Middle School), Reading (Elementary and Middle School), Math (Starting in 3rd Grade), AP courses, and more.

We hope you find these opportunities beneficial for your children. Please see the attached flyers for registration information.

Thank you for your continued support of Dexter Community Schools and Go, Dreadnaughts!

Sincerely,

Christopher Timmis, Ed.D.
Superintendent
